Together Everyone Achieves More

January 2021

Dear Parents and Carers (pupils in years 3 – 6),

Following from support from our IT technicians and support from the DfE we have decided to change the platform which we use to provide both online learning and homework. This will be a positive change enabling us as staff and families to communicate better with you and provide even better support to your child if they are not able to attend school due to COVID and better support with your child with their homework as well as providing additional work.

Below is a guide to explain how to login and access the work that has been set by your child's teacher.

Google Classroom Guide.

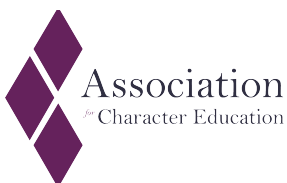

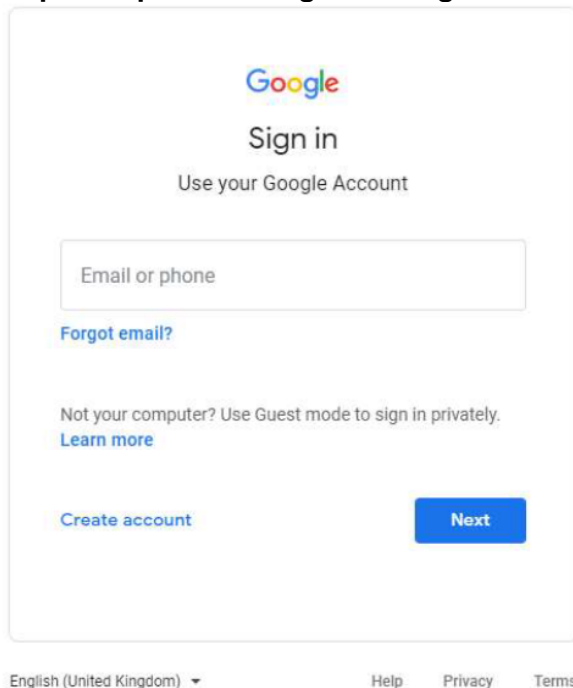

What is Google Classroom?

Google Classroom is a free online resource that pupils can use at home. Teachers will send announcements to classes, share resources, PowerPoints, diagrams, and homework. Parents can use some of the features of Google Classroom to help engage with and support pupils in their home study. It is a FREE resource and can be accessed from any device connected to the internet - laptops, desktop computers, Chromebooks, tablets or mobile phones.

Accessing Google Classroom

Pupils can access Google Classroom using mobile apps (Android and iOS), or via a web browser by visiting <http://classroom.google.com>

Step 1: Pupils must sign in using their Old Hall Drive username.

Step 2: Pupils must use their Google Classroom password to log in.

Your child's login is based on:

first name + last name + year of leaving@oldhalldrive.manchester.sch.uk

e.g. *johnsmith21@oldhalldrive.manchester.sch.uk*

Your child's login is based on:

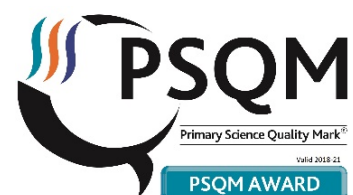

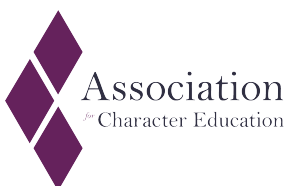

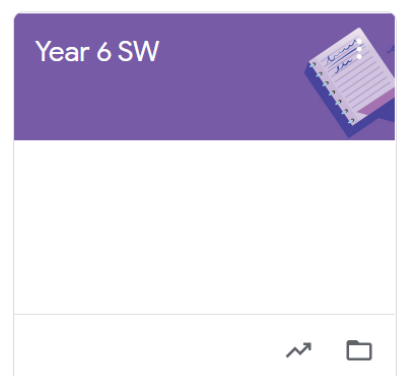

first name + school

e.g. *johnschool*

Step 3: They will now be able to see their Google Classroom with their usual class name.

When they click on their class name they will have entered their Google Classroom where they can find their work.

Assigned

During Maths our focus is now on angles. Today I would like you to read through the Powerpoint and understand the different types of angles, then complete the worksheet where you will be identifying different types of angles.
